Dr. Wanda M. Williams

Assistant Professor - Rutgers School of Nursing |Camden
Via Email

Dear Dr. Williams,

Thank you so much for your contributions to Women of the Dream’s programs and activities this school year, 2018-19: your classroom presentation to our 9th grade mentor group on reproductive health care at Creative Arts Morgan Village Academy in Camden, your presentation on nursing as a career at our annual STEM conference on the campus of Drexel University on May 2nd, and your presentation to students on nursing as a career at Charles Brimm Medical Arts High School in Camden. Additionally, we greatly appreciate your individual mentoring to prospective nursing students at all of our partner schools in Camden.

Women of the Dream’s accomplishments are attributed to great volunteers like yourself, and we are extremely grateful for all that you do to enhance the lives of the girls in our program.

Once again, thanks for a great school year! We look forward to your participation next school year.

Sincerely yours,

Leslie A. Morris
