Dr. Nickitas and Dr. Williams,

I wanted to follow up with you regarding the recent student-run Racism in Medicine Conference held here at the Cooper Medical School on November 16th. We had approximately 180 attendees that day from 10 medical and health professions schools across the Philadelphia/S. Jersey area, including 11 students from Rutgers-Camden.

Attached is the program from the event. Additionally, below is the link to the conference website. Both denotes the School of Nursing's sponsorship in this joint endeavor.

Thank you for your support of the conference. It is not yet known which school will be hosting the meeting next year, but I know the students hope that Rutgers Nursing will continue to be a part of it.

Thanks again,

Sue Liu
